

Planned price collection dates for the Icelandic consumer price index in 2017

9 - 13	January 2017
6 - 10	February 2017
8 - 13	March 2017
5 - 12	April 2017
8 - 12	May 2017
12 - 16	June 2017
4 - 10	July 2017
9 - 14	August 2017
6 - 11	September 2017
9 - 13	October 2017
8 - 13	November 2017
4 - 8	December 2017

As of January 2008 the consumer price index is based on prices collected during a one week's period in the middle of each month. Statistics Iceland is authorised to base the index on prices collected in a longer period. Therefore, the consumer price collection dates mentioned above are primarily for guidance. The price collection for the consumer price index is discussed in the law on the consumer price index, no. 12 from 1995 with later amendments.
